SUMMARY

Results-driven Software Engineer with hands-on experience in Python and JavaScript full-stack development, focused on building scalable, user-friendly web applications. Proficient in designing and implementing RESTful APIs, integrating backend services using Django and FastAPI, and developing responsive frontends with React.js. Well-versed in UI/UX principles, collaborating with design teams to transform Figma wireframes into clean, functional interfaces. Currently interning at BigEBrains Pvt. Ltd., actively contributing to real-world software projects through all stages of the development lifecycle. Passionate about writing clean, maintainable code and continuously learning to deliver impactful digital solutions.

EXPERIENCE

Software Engineer

BigEBrains Pvt. Ltd. **Apr 2025 - present, Hyderabad, India**

- Developed and maintained full-stack applications using Python (Django/FastAPI) and JavaScript (React.js), improving application responsiveness and scalability.
- Implemented RESTful APIs and integrated backend systems, enabling seamless communication between client and server components.
- Actively contributed to Agile-based product development, conducted peer code reviews, and mentored junior developers on best practices and coding standards.
- Worked closely with design teams using Figma wireframes to implement clean, user-friendly UI experiences.

Python Full Stack Intern

Codegnan IT Solutions Pvt. Ltd. **Feb 2024 - Jun 2024, Vijayawada, India**

- Developed a centralized web platform using Flask to streamline event planning and coordination.
- Simplified the user experience by eliminating the need to browse multiple websites or make numerous calls.
- Designed intuitive user workflows, enabling efficient event creation, tracking, and vendor management.
- Focused on clean architecture and optimized backend logic for faster request handling and data flow.

PROJECT

Event planning and management Using Flask

pb siddhartha college of arts and science

- Developed a web app to simplify event planning by providing a centralized platform.
- Eliminated the hassle of browsing multiple websites and making numerous calls.
- Built using Flask for an efficient event management process.

BigClasses.ai – Online Learning Platform

BigEBrains Pvt .Ltd • bigclasses.ai/ • April 2025 - August 2025

- Designed and developed course listings, user dashboards, and payment modules using Django REST Framework and React.js.
- Containerized the application using Docker and automated CI/CD using GitHub Actions, enabling efficient development- to-deployment cycles.
- Collaborated with cross-functional teams to align frontend UI with wireframes created in Figma, ensuring seamless user experience across devices.

BigEBrains.com - Corporate Website for IT Training and Services

bigebrains.com/ • April 2025 - July 2025

- Built a dynamic multi-page site using Django and React.js to showcase services, blogs, and contact forms.
- Configured Django Admin for content management, deployed with NGINX reverse proxy and SSL on AWS EC2, and optimized performance for faster page load and SEO.
- Ensured secure deployment and high availability by integrating HTTPS, caching strategies, and monitoring application logs post-deployment.

EDUCATION

B.Sc (MSCS)

P.B. Siddhartha College of Arts & Science college • Vijayawada, India • November 2021 - May 2024 • 8.0

- Designed and developed course listings, user dashboards, and payment modules using Django REST Framework and React.js.
- Containerized the application using Docker and automated CI/CD using GitHub Actions, enabling efficient development- to-deployment cycles.
- Collaborated with cross-functional teams to align frontend UI with wireframes created in Figma, ensuring seamless user experience across devices.

CERTIFICATIONS

Backend Django, Python
Digital Edify, Hyderabad • 2025

Python Full Stack Development
Codegnan IT Solutions, Vijayawada • 2024

SKILLS

Python, JavaScript

SQL, MySQL

React.js, Django, FastAPI, Pandas, NumPy

Git, GitHub, VS Code

HTML, CSS

Problem-solving, Excellent communication, Team Player, Critical Thinking, Adaptability, Time Management, Leadership
